## About FAROE

Established in 1999, FAROE is the coordinating body of 53 social- cultural associations of Afghan refugees in Europe.

In addition to defense of the collective rights of Afghan asylum seekers and promoting their participation in economic and social life in Europe, human rights and good governance in Afghanistan are among the basic objectives of FAROE. In order to contribute in achieving these objectives, FAROE initiates various activities. Holding conferences, seminars and workshops on the issues of significance in the lives of the people of Afghanistan and Afghan diaspora in Europe, is an important part of the activities of FAROE. These events give Afghan diaspora and policy makers of the host European countries the opportunity to discuss together a disputed policy or bill.
